In this issue:

- Accepting PMMA
- NMD Medical Exam
- New Intake of 13th batch
- Faculty Upgrading
- FAME Survey
- NIS Cadets Research Project
- Upgrading Courses

NIS Project Accepting PMMA Cadets

As from the 12th Batch we have taken in 17 PMMA NIS Cadets. They have been going through our NIS Screening, Testing and Selection process. Both PMMA and NIS Project are happy with this and are looking forward to a good relationship in the years to come. PMMA is being upgraded with new equipment and Fire Fighting / Safety Center supported by KFW of Germany.

NMD Medical Exam

All newly selected NIS Cadets undergoes their required NMD Medical Examination. As a new requirement each cadet will undergo an annual medical examination in an NMD accredited Clinic or hospital. This is in response to the growing incidence of illnesses among young and stringent Medical fitness requirements of the industry.

New intake of NIS 13th Batch Cadets (2005-2009)

The NIS Project is planning to take in between 150 to 160 NIS Cadets from 2005.

As earlier we need your commitments. Please give us your "order" as soon as possible for us to prepare all schools and tests.

These cadets will have their sea time from May 2007—June 2008.

Commitments for these cadets is available at :

Steering Course

Faculty Upgrading

NIS Project conducted and facilitated upgrading courses for instructors and teachers the last quarter as well.

NIS provided training like:

- Maritime English
- Instructor course in Unitor welding
- Stability and Trim 2
- Simulator Training

Upgrading Courses

During Semester break NIS cadets had several upgrading courses. NTC-M administrators most of these courses for the Cadets

- Basic Diesel
- Unitor Welding Course
- Engineering Systems
- Cultural Awareness
- Boiler Water Treatment
- Meteorology and Oceanography
- Navigational Watch keeping
- Ship Simulator and bridge teamwork
- Maritime Administration
- Radar observation and Plotting
- Engine Watch keeping
- Team Building
- Engine Simulator
- Stability and Trim

FAME Survey on Maritime Schools

According to the Filipino Association for Mariners' Employment, Inc (FAME) the top Ten Maritime Schools most utilized for Cadetship programs, recruitment or other shipboard requirements are:

1. John B. Lacson Colleges Foundation (JBLCF)
2. University of Cebu (UC-METC)
3. Philippine Maritime Institute (PMI)
4. Philippine Merchant Marine Academy (PMMA)
5. Philippine Merchant Marine Schools (PMMS)
6. Misamis Institute of Technology (MIT)
7. Asian Institute of Maritime Schools (AIMS)
8. Maritime Academy of Asia and the Pacific / Visayan Maritime Academy
9. Mariners Polytechnic College Foundation (MPCF)
10. Cagayan Capitol College (CCC)

NIS JB Lacson Cadets have done research projects:

NIS Cadets Research Projects

- Stress and boredom among Engine Cadets
- Tendency "brain drain" Engine Instructors
- Winning attitude among Cadets
