Maritime Career Campaign

The NSA Philippines Cadet Project initiates to promote the Maritime Career/Profession to High School students in the Philippines. Early next year, the Project will be visiting public and private High Schools in various strategic locations in the Philippines to promote awareness of the Maritime Profession. The program will be in cooperation with various maritime schools as part of their internal campaign for prospective and deserving candidates for the NSA Philippines Cadet Project. The Project aims to broaden awareness program and provide scholarship to well deserving candidates for SY 08-09.
