

# DYNAMIC POSITIONING REVALIDATION COURSE (DPR)

## DYNAMIC POSITIONING COURSE

This course is intended for those who have already been issued a DPO Certificate from the NI but are unable to revalidate their DPO certificate due to insufficient DP sea time.

The coverage of the course adheres with the standards & requirements established in Nautical Institution Circular No. 007/2016.

**COURSE AIMS & OBJECTIVES:** The overall course aim is to update the DPO's with the latest rules and regulations, position references and sensors, known DP incidents and lessons learned; and to reinforce operational skills in planning and conduct of DP Operations, including Handling of Emergency Situations.

**COVERAGE / PROGRAM FOCUS:** Emphasis of instruction and exercise activities deals with the following subject and training areas:

- DP Rules and Regulations
- DP Sensors and PRS
- DP Set Up
- DP Bridge Watchkeeping
- Position Keeping
- Environmental Conditions
- Alarms and Indicators
- Change of DP Watch
- Normal Completion of a DP Operation
- Operating in Joystick Mode a (DP Joystick)
- Emergency Situation
- Emergency Performance / Response

**METHOD:** The conduct of the course delivery primarily employs lecture-presentation and series of practical exercises.

The training will be split equally between theory and simulation exercises.

**ENTRY REQUIREMENT / TARGET GROUP:** The minimum entry requirement is a DPO certificate issued by the NI.

**COURSE CERTIFICATE:** In order to be awarded a certificate of completion, the trainee must pass the online theoretical examination and practical assessment.

On successful completion of the course, the trainee will receive a course completion certificate, and an entry will be made in the appropriate logbook.

**DURATION:**

5 Days
